## ConnecT1D® FAMILY CAMP

Camp will be held October 9-11, 2015 at Warm Beach Camp in Stanwood, Washington. Families with children of all ages are welcome.

The weekend's agenda for adults includes presenters and breakout sessions covering a variety of topics. The camp agenda includes both formal presentations from renowned experts and small group discussions to facilitate community building.

While parents gain and share valuable insights into raising a family impacted by Type 1 Diabetes, the kids' agenda is simple: FUN and FRIENDSHIP. Children ages 0-12 are paired up with energetic volunteers who are knowledgeable about Type 1 Diabetes. The kids' programming and the Warm Beach facilities offer a wide variety of age-appropriate activities to help kids meet other kids just like them who deal with Type 1 Diabetes every day.

This event has sold-out every year with families and volunteers on a waitlist to participate. We've grown from 40 families at our first camp to more than 55 last year. The 2015 camp will involve about 300 total participants. This is the only program of its type in the Pacific Northwest.

## VENDOR FAIR

A highlight of the ConnectT1D® Family Camp program is a Saturday vendor fair where families can take a look at the latest technology, products and services that help manage life with Type 1 Diabetes.

Vendors are invited to participate at provided tables to distribute materials, demonstrate technology and share information with camp participants.

The different participation levels reflect the various ways vendors may participate in the program. ConnectT1D offers additional visibility benefits for higher sponsorship levels and would be happy to discuss them with you.
